

WOODSIDE DOG LODGE

Testimonials

The Woodside Dog Lodge is truly a home away from home for my dogs.

When they arrive their tails are instantly wagging and the owners genuinely care about their wellbeing. The dogs leave well exercised, in excellent condition and smiling, you can see how happy they are and that they have had plenty of affection.

The prices are extremely competitive, and the establishment and care given are first rate. The pens are very clean and spacious, and the sleeping area is very well protected from the elements. I feel very comfortable leaving my dogs here and I cannot recommend it enough to anyone who cares about their pets and needs somewhere for them to stay.

Olivia Ireland.

We have known both Cheryl and Geoff since they commenced the development of the Woodside Dog Lodge.

We both have been very impressed with the fastidious workmanship and attitude in the development; accordingly we have had no hesitation in leaving our three dogs, on several occasions at the Woodside Dog Lodge, as they receive love, attention and complete care.

We have no hesitation in recommending to any prospective persons, wishing to leave their dogs, that they will be cared for in a very friendly and professional environment.

The Woodside Dog Lodge is the venue.

Dear Cheryl & Geoff,

We'd like to thank you for taking such great care of our beloved dog.

We were very hesitant to leave her at kennels again after bad past experience elsewhere. However this time was a very good experience all round.

Your friendliness and genuine concern for the animals in your care were well noted.

Now we can happily leave her without worrying about her comfort, needs and companionship.

Yours sincerely

The Cahills

We found the carers Cheryl and Geoff at Woodside Dog Lodge to be dedicated and experienced operators. The latter plus their very friendly approach made it easy to leave our beloved dog with them, knowing she would be very well looked after with patience and sincere understanding of her needs. Our dog rates Woodside Lodge as 5 * * * * (star) plus accommodation.

The Cahills

To Cheryl & Geoff,

Just a quick word of thanks for taking such great care of our dogs (Pete & Lucy) while we went on our recent 2 holiday trips Xmas 2007 & January 2008.

Our dogs were well looked after & enjoy staying at your kennels.

We will recommend "Woodside Dog Lodge" to all our friends & relatives as a place where dogs are cared & loved 10 out of 10!!!

My beagle Mollie is a little pampered, so leaving her at kennels has always been a little stressful for both of us.

Although I know she is always well looked after, it is hard to walk away when it is so obvious she doesn't want to stay!

In 2007 Mollie and I met Cheryl and Geoff in the main street of Yarram. Mollie took a liking to them straight away so when they said they were opening a Dog Lodge, I was very interested.

My husband and I went out to inspect the kennels and were impressed with what we saw. Not long afterwards, Mollie had her first 'stay'. When we went to pick her up, we were met with a very happy dog that had obviously enjoyed her time away from us. Even in a short time, she had formed a bond with Cheryl and Geoff.

When we took Mollie for her second 'stay', her tail started wagging furiously as soon as she saw them. She went off happily to her lodge without even looking back at us!

We couldn't be happier with the care she is given at Woodside Dog Lodge. When we leave her there, I tell my youngest grandson that Mollie is spending a few days at her 'holiday house'.

**Regards,
Marg**

Recently we needed to travel away for several days and required to have our very timid Golden Retriever cared for.

Having inspected the facilities and spoken to the Geoff and Cheryl, who are obviously loving dog people, we had no hesitation in leaving our dog at the Woodside Dog Lodge.

When we returned home it was obvious that she had been well cared for and would have been happy to stay longer.

We highly recommend the Woodside Dog Lodge.
